“Mathilda was our content creator for a small intimate family wedding. I came across her services looking for a videographer and opted for this service instead and I couldn't be happier. She was thorough with finding out what we would like captured on the day and took about 900 short videos and photos that we received that same evening. She captured a lot of small special moments. Above all she is a delight to have on the day and I would highly recommend her for any wedding or event.”

"We didn't have the budget for a videographer, however I was tagged by someone regarding a content creator and I am soo soo glad we decided to do this, she was amazing! Less than 24 hrs after our day, we had over 750 pictures/videos sent to us, all special moments throughout morning, day and night! Mathilda was so helpful on the day, on top of what she was doing, she made sure we were all in dresses, water given when needed and genuinely just being an extra helping hand, I would definitely recommend Mathilda for your special day 🥰"
